Facility Information

Facility Name

Cambridge

Street

62 Whittemore Ave.

Supplemental address

City

Cambridge

State

Massachusetts

Zip Code

02140

First Name

Brian

Middle Name

E

Last Name

O'Connell

Telephone Number

6174984594

## Summary of past year's inspections, assessments, and corrective actions

1. Provide a summary of your past year's routine facility inspection documentation (see Part 3.1.2 of the permit). In addition, if you are an operator of an airport facility (Sector S) that is subject to the airport effluent limitations guidelines, and are complying with the MSGP Part 8.S.8.1 effluent limitation through the use of non-urea-containing deicers, provide a statement certifying that you do not use airfield pavement deicers containing urea (e.g., "I certify that [name of airport] is in compliance with the effluent limitation guideline for airfield pavement deicing by not using airfield pavement deicers that contain urea."). [Note: Operators of airport facilities that are complying with Part 8.S.8.1 by meeting the numeric effluent limitation for ammonia do not need to include this statement.] \*

Q1 routine inspection was completed on 3/27/2017. At the time of the inspection it was raining and 42 degrees. During this inspection it was noted that the outfall was partially obstructed by leaves. No other abnormal conditions or states of non-compliance were recorded.  
Q2 routine inspection was completed on 6/30/2017. At the time of inspection it was 79 degrees and clear. During this inspection no abnormal conditions or states of non-compliance were recorded.  
Q3 routine inspection was completed on 9/29/2017. At the time of inspection it was 60 degrees and cloudy. During this inspection no abnormal conditions or states of non-compliance were recorded.  
Q4 routine inspection was completed on 12/8/2017. At the time of inspection it was 30 degrees and clear. During this inspection no abnormal conditions or states of non-compliance were recorded.

2. Provide a summary of your past year's quarterly visual assessment documentation (see Part 3.2.2 of the permit) \*

Q1 visual observation was completed on 2/1/2017. During this observation outfall 003 was dry and a slight tan tint was noted at outfall 002.  
Q2 visual observation was completed on 4/21/2017. During this observation outfall 003 was dry and a slight tan tint was noted at outfall 002.  
Q3 visual observation was completed on 9/6/2017. During this observation outfall 003 was dry and outfall 002 was noted to have a slight tan tint and trace amounts of sand present.  
Q4 visual observation was completed on 12/12/2017. During this observation outfall 003 was dry. Outfall 002 was observed to have a slight tan tint, was cloudy and trace organics were noted.

3. For any four-sample (minimum) average benchmark monitoring exceedance, if after reviewing the selection, design, installation and implementation of your control measures and considering whether any modifications are necessary to meet the effluent limits in the permit, you determine that no further pollutant reductions are technologically available and economically practicable and achievable in light of best industry practice, provide your rationale for why you believe no further reductions are achievable (see Part 6.2.1.2 of the permit). Enter "NA" if not applicable. \*

Four quarterly samples were analyzed in 2017 (2/1/2017, 4/21/2017, 9/6/2017, 12/12/2017). The facility did not exceed any four quarter average benchmarks in 2017.

4. Provide a summary of your past year's corrective action documentation (See Part 4.4 of the permit). (Note: If corrective action is not yet completed at the time of submission of this annual report, you must describe the status of any outstanding corrective action(s).) Also describe any incidents of noncompliance in the past year or currently ongoing, or if none, provide a statement that you are in compliance with the permit. \*

GCP Applied Technologies, Inc is currently in compliance with the permit and is not currently engaged in any ongoing or have any completed corrective actions for 2017.

Certification Information

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations. 40 CFR 122.22 (d)
